## REPORT OF SELECTMEN 1975

---

The past year was a busy year, with many undertakings still to be completed.

We would like to thank each of you that returned the Tax Map questionnaire that was sent with the inventories, and hope others will continue to send them in. All this information is of great value toward the Town tax map, that was voted to have made at the Special Town Meeting in September. We are reviewing the different types of tax mapping and hope to have a contract the first of the year.

The one-half interest in the Flagg Lot was purchased from Davis and Symonds so that the Town is now the sole owner of this Tract.

During the year each of the parcels of property were listed on new cards, as well as taking a more complete census. The town has more than 2,200 residents with many new homes being built.

A new Austin-Western 6 wheel drive grader was purchased for the highway department, along with a new Truck body Sander. The Town's loader, which went through the fire, was repaired and would pass for a new one.

The old Highway Garage was replaced with a new 60' x 74' steel building. After reviewing other garages with the road agent, it was decided this larger garage would be in the best interest of the Town for future growth. Due to high cost and a larger building we were unable to complete the floor and heating system; and we feel bathrooms should be added which could also be used for Town Hall meetings. When the garage is com-

pleted it's something the Town can be proud of. We hope everyone will have a chance to inspect it on Town Meeting day.

Since the resignation of William Hawley as a full time police officer, we have been unable to fill this vacancy, as the applicants that are experienced and certified, feel the pay scale is low for what would be required of them.

A parking area was added at the Town Hall and it's hoped that some landscaping can be done around the building for the coming National Bicentennial year.

We would like to request each of the property owners, to complete and return their property inventories and also to fill in the census questions. Veterans must fill this inventory and also a permit card to receive their exemption. All inventories and other exemption applications must be returned to the Selectmen by April 15 to be considered for Tax abatements or exemptions.

We wish to thank all the Town officers and residents who have been very helpful this past year.

## REPORT OF HIGHWAY DEPARTMENT

---

The highway department report for 1975 is as follows:

This year's Town Road Aid Project was started on Clough Hill Road from the Route 129 end. Cutting and bulldozing was done as well as all drainage and graveling. In 1976, we will go on as far as possible.

The Duncan Fund Account was used on School Street for widening and tarring purposes.

\$4,000.00 was spent for tar and 1000 yards of sifted sand was used for tarring this year.

Numerous culverts were installed this year.

Approximately 175 yards of Cold Patch was used this year.

This past winter season, approximately 300 tons of salt was used.

We also had 3,000 yards of bank crush run this year.

At this time, I would like to mention that we have purchased some new equipment. Namely, a new 6 wheel drive Grader to replace the one that burned, a new sander body which has helped us very much this year, because of all the icy road conditions and a portable welder. We also have our loader back in use, after being repaired from the fire.

Our new town garage building has been erected, and when completed, will be one that the taxpayers can be proud of.

Charles R. Hammett  
Road Agent

## POLICE DEPARTMENT REPORT

---

This year we are in the process of going into a 24 hour dispatch system known as Merrimack County Dispatch. It will enable the residents of Loudon in emergencies to have an officer or ambulance dispatched promptly.

Also, we have purchased a state wide base station, which is located at the police station and a walkie-talkie and mobile radio combination of which the majority was funded by the Crime Commission.

Last year, it appears that dog complaints have increased considerably. We now have a dog pound which is operated by James Edwards and all stray dogs and other dogs that are causing a nuisance by running at large will be impounded and it will be the responsibility of the owners for the \$5.00 impounding fee plus \$2.00 per day boarding fee.

I regret to say that the end of last year we had no full time day officer due to the fact that Mr. Hawley no longer wanted to be full time and the qualified applicants that we did have, the salary was not sufficient. This year we will again attempt to hire a qualified officer at a somewhat increased salary if the budget is accepted.

Again, I would like to thank the residents of Loudon for the interest they have had in the Police Department, also Merrimack County Sheriff Department and State Police.

Robert N. Fiske  
Chief of Police

## FIRE DEPARTMENT REPORT 1975

---

This year's report perhaps should be titled — "Growing Pains," for with the increase in building and growth in population; our calls are growing also. A great amount of praise is due the Volunteer Fireman, who are answering these calls. Not only is he giving personal time and expenses, but he has spent many hours this past year training in courses on Fire Fighting and Emergency. It is a credit to them and the Town of Loudon to have such dedicated firemen on the Volunteer Fire Department.

Training Officer — Deputy Andrew Downes, and his assistant — John Payne, have programmed and arranged many fine training sessions throughout the year.

Like everything else in life today, we find it most frustrating in trying to budget operating costs. It seems anything tied into Fire Equipment jumps 3 to 5% every three months. Hopefully, with the aid of Federal Funds, we can hold the line and still keep abreast of "Growing Pains."

We are requesting your support in purchasing a new truck for the Ridge Station. We have been assured by the N. H. Insurance Service Office, that with a new and approved truck at the Ridge Station, it would be available for an E-3 listing. This would mean a substantial insurance reduction for residents within three miles of the Ridge Station.

We, in the Fire Service, enjoy working for you. Your support in your Volunteer Fire Department is very much appreciated.

Warren M. Jenkins  
Chief of Loudon Fire Dept.

## **REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF**

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

## CONSERVATION COMMISSION REPORT

---

The year 1975 was not a very active year for the Loudon Conservation Commission but we did feel that some progress was made in a few areas.

In March, the Commission received two new members, Stanley Madison and Mickey Mulkey, who replaced Harvey Bergeron and John Payne.

In June of this year the Commission finally succeeded in sending a youngster to Spruce Pond Conservation camp. The boy was Chris Blackler, who lives with the Sanborns on Sanborn Road in Loudon. Chris reported to a subsequent Commission meeting and we were so impressed with his experience, that it was decided to include a bit of his report in the Commissions report.

“There were four kinds of conservation that we studied, soil, water, animal and forestry. About soil we learned how to tel the different minerals in the soil and we studied different kinds of soil and layers of soil.

About water conservation we studied different minerals in the water and fished with nets so we could throw the fish back in without hurting them. The water at Spruce pond is getting polluted with the acid from the spruce trees around. It gets worse as the summer goes by and improves in the winter. We learned different kinds and species of animals. We looked at a tree that ants had eaten the inside out of and there was a pile of sawdust at the bottom. We got up at six one morning to go bird watching but didn't see many. Just robins and goldfinches. In forestry we learned the different kinds of trees, and which are good for furniture or fence posts or buildings. We learned how to tell board feet in a standing tree by measuring. We also learned to tell which

trees are good for lumber by looking at the crown and seeing how many branches and how straight it is.

As for other activities we went for nature walks, played baseball, went swimming twice a day, saw a movie on forestry and had campfires every night except the last, when we had a dance."

Mrs. Sanborn told us recently that Chris had just won a 4-H public speaking contest. The subject — his experience at conservation camp!

In July the Loudon Commission held a joint meeting with Concord's Conservation Commission down in Concord. Some of the objectives of the meeting were for us to find out what another commission was doing as well as discuss the future of the Broken Ground, which is common to both of us. The Concord Commission has many city resources at its disposal and is doing a fine job. We hope to work more closely with them in the future.

In August the town, at a special town meeting, voted to allow the Selectmen to acquire a piece of riverfront property from Davis and Symonds. The Conservation Commission thinks this would eventually make a fine park and has hopes that the town will deed us the piece for this use.

#### The Loudon Conservation Commission

##### Statement of Receipts & Expenditures:

Our bank balance on Jan. 1, 1975 was	\$80.17
Conservation camp expense	68.00
	<hr/>
Current balance	\$12.17

The Conservation Commission has \$557.22 earmarked for land aquisition in a town capital fund.

## REPORT OF PLANNING BOARD — 1975

---

The Loudon Planning Board members met for 12 regular meetings, held on the third Thursday of each month, plus several additional executive meetings, held on the first Thursday of the month, during the spring and summer building period.

During the first week of November, in order to conform to state regulations and court rulings, because of misinterpretations of board members' terms, the entire board was dissolved and five new members were appointed by the selectmen. A month later Mr. Santas was appointed to the board for a two year term. A secretary was also hired to record minutes of the meetings and all other connecting duties.

In the past year there were 30 building permits granted, 23 subdivisions granted, with 33 new building lots established, and 7 business permits were granted.

We look forward to another busy spring and summer period, after a rather quiet fall winter season.

Respectfully submitted,

Loudon Planning Board

## REPORT OF THE CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

---

At the end of 1975 and five years of operation the Central New Hampshire Regional Planning Commission had become involved in numerous studies of both local as well as a regional nature.

On the regional side, the Commission is currently involved in studies related to historic preservation, land use, housing and inventorying the community facilities that exist within the region. Of a general nature the Commission completed studies in the areas of conservation, solid waste management, resources inventories. Every member community received the following reports: Conservation Case Studies, Municipal Fiscal Management, A Guide for Evaluating Development Proposals. The latter was presented to members of the Planning Boards of all member communities along with two sets of N. H. RSA's relating to planning.

Member communities also received a series of 1975 aerial photographs for use by local officials and an opportunity to order enlargements of the same which could be used as adequate bases for tax map purposes. The aerial photographs and enlargements were given to member communities as part of the Commission's local assistance program.

Other assistance provided dealt with aiding the Planning Board with technical reviews of subdivision plats and in many cases with assistance in revising subdivision regulations.

The Commission appreciates the support of its member communities and hopes for continual affiliation with each and every member.

## **REPORT OF THE BICENTENNIAL COMMITTEE FOR 1975**

The selectmen were notified and accepted the resignation of Mrs. Lucy Ladd as the chairman of the Loudon Bicentennial Committee and appointed an entire new committee, comprised of Stanley and Isabelle Prescott, Dennis and Michelle Chesley, Edward Rowse, Alta Hammett, Janet Towle, Arthur and Patricia Austin, Virginia Hawley, Nancy Moody, Fred Hackett, Peg Buzzell and Betty Ashland. Mrs. Ashland was asked to act as temporary chairman and meetings were held monthly. Our first venture was a dance for the benefit of our militia unit, but this proved unsuccessful and no money was raised. Our next venture was the gathering of food by baskets placed in the local stores and distributed to needy families in Loudon, with names supplied for the various mailmen.

Our militia group, headed by Arthur Austin is progressing very well and is in the process of being registered as a recognized unit in the state. We would be very happy to accept many more recruits.

At the American Legion Field Days celebration, we had a tent erected, where we sold our new Bicentennial Coins; silver, pewter and bronze. Several squares from the Bicentennial Quilt were also on display and many local persons signed their names to the backing for the quilt. These coins are still in supply and can be purchased at Ashland's Garage in the village.

We have things planned for this Bicentennial Year and these will be advertised at the appropriate times.

Respectfully submitted,

Bicentennial Committee
